

Dear Friends and Colleagues,

We really hope to find you in very good health and spirit.

We would like to invite you to submit your manuscript to the Special Issue "Materials' Supports in Catalysis: Advantages, Synthesis and Applications" of the journal *Molecules* (Impact Factor: 3.267). We sincerely hope this invitation will receive your favourable consideration. You are also welcome, along with your colleagues and interested researchers.

This Special Issue focuses on recent developments and trends in the synthesis, characterization, and applications of materials as catalyst support, with a preferable focus on chemical, biofuel synthesis, and environment-oriented applications, such as water/air remediation and biomass valorization., related to the Special Issue goals are also encouraged.

The manuscript could be submitted online via the following link:

https://www.mdpi.com/journal/molecules/special_issues/catalysis_material

*The submission deadline is **30 September 2021**. And an Article Processing Charge (APC) of 2000 Swiss Francs (CHF) applies to accepted papers. However, we will be happy to offer you a **30% discount** if you submit within one months and a **20% discount** if you submit before 30 June 2021.*

Note that the median time from submission to first decision is **13 days** and submission to accept is **31 days**.

If you have any questions, please do feel free to contact Jenny Kang (jenny.kang@mdpi.com). Thanks for your time and consideration.

Best regards,

Prof. Dr. Juan Carlos Colmenares
Dr. Jovana Prekodravac
Dr. Dimitrios Giannakoudakis
